If you had to go into hospital today, who would look after your pet?

1. **Choose a trusted person**
   Ask a family member, friend or neighbour to be your emergency pet carer.

2. **Write down important information about your pet**
   Include:
   -name, sex, age and routine
   -food and medication details
   -who their vet is
   -microchip number
   -emergency pet carer's contact details

3. **Carry emergency contact details**
   Keep a card with these details in your wallet, purse or on your mobile phone. You can also leave instructions by your phone at home.
