

# FREE Support Sessions

## for Secondary School Staff

### Who is this group for?

Staff who work directly with children who have or have ever had a social worker and who are displaying trauma related behaviours.

### What is the aim of the group?

We recognise that working with children who have experienced trauma can have a real impact on the wellbeing of staff. The aim of this group is to provide an opportunity for attendees to get to know others facing the same challenges in school and to share best practice in a supportive and open environment.

Three separate groups are running in different areas of the county. Each group consists of four sessions. Attendees will need to be able to commit to all four sessions across one term (either Autumn, Spring or Summer)
