

## Children and Families

### Join us and make a difference in our communities

West Sussex County Council is a diverse organisation that provides services to more than 850,000 residents every day. As one of the main employers in the County, we have a number of responsibilities as a local authority and work with partner organisations to deliver our services to improve the lives of West Sussex residents.

### About this area

Employees in this area support the safety and wellbeing of children, young people and their families across the county, ultimately giving them the best start in life. This can include working with children and families to identify, intervene and plan support. We also have a dedicated team that provides early help in the hope that children's social care services will not be required. In addition, we also ensure young people are given a voice, and provide training to safeguard all children in West Sussex.
