

Homemade decorations

These wreath-like decorations add a homemade touch to any Christmas tree, and would make a lovely gift

You will need: old curtain rings, string, ribbon, wool, bells, decorations, glue gun

Method: Take an old curtain ring and tie ribbon, string or wool in a knot at the top

Start wrapping it around the curtain ring until you cannot see the wood underneath

Continue all the way round the curtain ring until you reach the top again, and then tie another knot to secure the ribbon, wool or string

Add a bow, ribbon or present wrapping ribbon to finish off the decoration

If you wish, add small bells, felt flowers or other decorations using a glue gun

Make sure to create a loop if you want to hang it on the tree

As an alternative, you can use these as napkin rings on your table for Christmas dinner
