

UPDATE: 12 November 2021

Progress

The remaining gabions have been installed this week and as programmed the bank profiling has started as well as initial drainage improvement and carriageway excavations.

The good progress continues and we have been blessed with good weather, so the programme remains on schedule.

On Tuesday (9 November) we held a 'Meet the Team' event at the Cricketers. Thank you to all who attended and to Martin and Ruth for hosting us. The team certainly found it helpful we hope that those that came along did as well. It was good to hear how supportive the community is towards those most effected.

We have taken away a number of comments and ideas around the progress of the works and the effects of the diversions and will constantly review the situation.

Left to right: Tom Richardson, Richard Finn, Andrew Griffith, Joy Dennis, Guy Bell.

All site operations were ceased for escorted visit well away from the working face

Thursday (11 November) saw Andrew Griffith MP visit the site to understand the issues at hand and works required to solve the problem. Andrew also discussed the impact of the closure for residents and businesses.

Businesses in Duncton have been able to open throughout and will continue to do so and have been well supported by the local community.
