

## UPDATE: 02 December 2021

### Progress

Despite the wintery blast progress has continued at pace, this has enabled the programme to be accelerated for a number of activities.

**From tomorrow (Friday 3 December) afternoon the road will be opened under traffic lights.** The lights will remain in place for at least the next two weeks but will depend on the completion of all works.

The morning traffic control currently in place for Seaford College will cease after tomorrow morning (Friday 3 December).

Significant activity on site this week included:

- Carriageway surfacing and lining complete
- Drainage works progressing
- Repairs to culvert continue

Due to operational constraints the contractor will not be working this weekend. Activity next week may also be varied due to the delivery timescale for the safety barriers.

Businesses in Duncton have been able to open throughout and will continue to do so and have been well supported by the local community.
