**(STEYNING & BRAMBER: A283 STEYNING BYPASS)**  
**(40MPH & 50MPH SPEED LIMIT) ORDER 202\***

**Statement Of Reasons For Proposing To Make The Order**

The County Council in exercise of their powers under the Road Traffic Regulation Act 1984, propose to make a permanent Order the effect of which will be to introduce:-

- (i) a 40mph speed limit on a length of the A283 Steyning Bypass from south of Jarvis Lane to High Trees roundabout junction; and
- (ii) a 50mph speed limit on a length of the A283 Steyning Bypass from east of the B2135 Horsham Road to south of Jarvis Lane.

The A283 Steyning Bypass is currently de-restricted apart from a short section north-west of High Trees roundabout junction where a 40mph speed limit has recently been introduced. This section of the A283 is a single carriageway road with a history of road traffic collisions involving 36 vehicles including 10 serious and 2 fatal injury incidents. The Parish Council applied for a speed reduction to address concerns over road safety.

The application has been assessed in accordance with the County Councils Speed Limit Policy and it is proposed to extend the 40mph speed limit north-west of High Trees roundabout junction to south of Jarvis Lane and to introduce a 50mph speed limit from south of Jarvis Lane to east of the B2135 Horsham Road. The reduced speed limit will aid pedestrians crossing the road safely including vulnerable road users from Steyning Grammar School.

This Order is proposed so as to avoid danger to persons or other traffic using the road or to minimise the likelihood of any such danger arising and for facilitating the safe passage of any class of traffic (including pedestrians).

Drawing HOR2405 Steyning & Bramber – A283 Steyning Bypass proposed speed limit (20.09.2024) shows the length of road, which is the subject of the proposed order.
